How to Create AWS Account

🛠️ Step 1: Go to the AWS Website

- Visit the official AWS website: https://aws.amazon.com
- Click on **"Create an AWS Account."**

📝 Step 2: Provide Account Details

- **Email Address:** Provide a valid email for registration.
- **Password:** Create a strong password.
- **Account Name:** Choose a name for your AWS account

👤 Step 3: Select Account Type (**Note:** select as a student)

- Choose between:
    - **Personal Account** (For individual users)

📞 Step 4: Provide Contact Information

- Enter your name, phone number, and address.
- Choose your **Country** and **Region**.

💳 Step 5: Add Payment Information

- Provide a valid **Credit/Debit Card** for verification.
- AWS may perform a temporary charge (around $1) for verification.

🔳 Step 6: Identity Verification

- Choose your preferred verification method (**SMS** or **Voice Call**).
- Enter the received **verification code**.

📦 Step 7: Choose a Support Plan

- Select from the available plans:
    - **Basic Support (Free)** - Ideal for beginners.

🚀 Step 8: Sign In to Your Account

- After successful verification, log in to your AWS account using your credentials.
- Access the **AWS Management Console** to start exploring services.
